Re: In the Matter of Petitions Regarding DIRECTV's DBS Service to the States
of Alaska and Hawaii MB Docket 03-82 IB Docket 98-21

On June 17, representatives of Pegasus Communications, Inc. met with FCC staff members concerning the above-captioned matters. The Pegasus representatives were Cheryl Crate, Vice President of Corporate Communications and Government Relations of Pegasus and I, an advisor to Pegasus. The FCC officials were Kenneth Ferree, William Johnson, Eloise Gore, Rosalee Chiara and Dana Leavitt.

During the meeting, we discussed solutions to the Hawaii service issue that have been proposed by DIRECTV and suggested to the staff that there was not enough information on the record to assess whether the proposed solutions would effectively address such service issues.

Very truly yours,

/s/

Kathleen Wallman
